

FACTS & FIGURES

for the fiscal year 2023

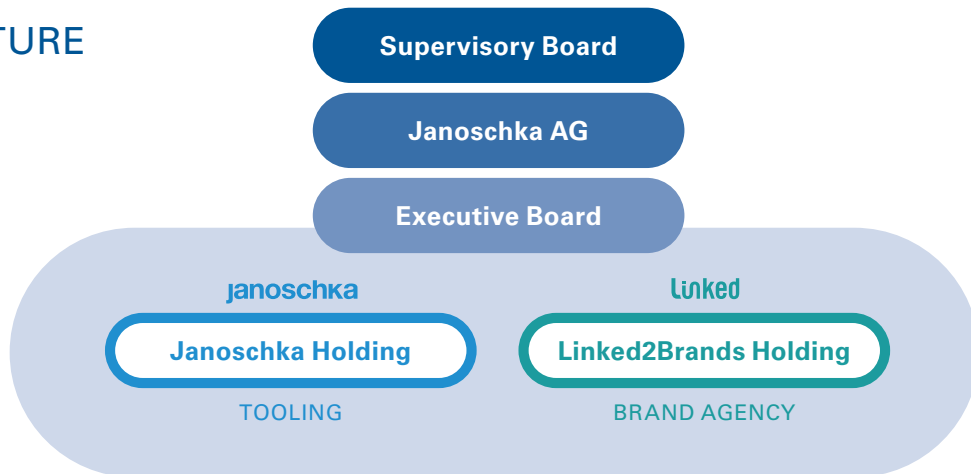

Janoschka counts among the global market leaders for prepress solutions for the packaging consumer goods industry (food/non-food).

Our Teampreneur philosophy incorporates to combine the good ideas of individuals with the strength of a team.

By taking customer orientation to the next level of team orientation, we develop solutions and implement them together with our customers and partners.

GROUP STRUCTURE

Janoschka AG

PACKAGING SUPPLY CHAIN

We are experts in all phases of the prepress process and support companies from the packaging and printing industry, brand owners, printers and converters on the way to their successful packaging portfolio.

Our offer includes products, services and solutions along the packaging supply chain from packaging design up to printing consulting including visual content production for any point of sale be it e-commerce or the supermarket shelf.

TOTAL GROUP SALES 2023 (including Janoschka and Linked2Brands)

Europe remains the top-selling market. In the emerging regions of Asia and Latin America, Janoschka's business is constantly growing.

CORPORATE SOCIAL RESPONSIBILITY

A responsible approach to nature and humankind is an indispensable and natural part of our corporate culture. Respectful behaviour determines our strategic alignment with the goal of long-term growth in value. By doing so we protect the health of our employees, secure the continued existence of the industry and contribute to the maintenance of an environment that is worth living in.
