

Préstiges Hélió 2014

Kippenheim, 19.12.2014: Prohélió, the French organisation for promoting rotogravure, awarded the Préstiges Hélió in various categories for the 26th time end of November. The award ceremony was held at the Cité du Train in Mulhouse, France - a stylish setting for the conclusion of the annual competition.

Two Janoschka customers were very successful this year: The "Super Prestige" was awarded to CPC Contentin and the "Prestige Graphique" went to Brodart. French Janoschka subsidiary Gravure d'Azur and the German production site in Kippenheim carried out the reproduction and/or engraving for both printshops.

In addition to the three big awards, "Super Prestige", "Prestige Graphique" and "Prestige Technique", winners were selected in eleven other categories for various printing substrates. Printers are rewarded primarily for perfect realisation of technically challenging or innovative packaging.

"We would like to congratulate our customers on their wonderful success. To be on the award list every year speaks volumes about the quality and, above all, the skill of the printer. We are proud to have been able to contribute to this performance as the prepress partner," said Philippe Gallois, Managing Director at Gravure d'Azur.
